

Antique Outboard Club News

Southern California Chapter – Vol 12 February 2014

Turkey and Ham was the main fair, with pie for dessert at our holiday meet in December. What a great time with great food! Thanks go out to all who contributed all the fixings. Our next meet will be Saturday, March fifteenth, at Frank Fowlers place in Paramount. (15329 Colorado Ave). Phone # 562-925-8955. Directions to Frank's are on page 5. Frank will be our host. If you are having lunch with us, please email me by returning this news letter back to me as soon as possible so we know how many we will be feeding.

Frank's good friend, Robert "Bob" Falcon, will give a talk on the job he had with American MARC. If you didn't know, they made Diesel powered electrical power systems, Diesel Outboards, and Power Boats. He later was employed Ted Halibrand, who manufactured the famous Quick change rear-end for race cars. Robert is currently writing a book about Halibrand. This is a "don't miss meet" for this special speaker.

Looking forward to seeing you all at the meet, and don't forget to let me know if you are having lunch with us.

Members enjoying the recreation room

Very nice miniature outboard

Les Gunnarson with a very nice Clarke Troller

Jack Holtwick, David Marotta,
and Les Gunnarson

Kip with outboard in crate
